Rodrigo Valencia

Phone: (928) 388 - 8521 • Email: Rodriqo.Valencia@gmail.com

Education

University of Arizona   Jan. 2022 - July 2022
  - Certification Software Development Coding Bootcamp

Northern Arizona University   Aug. 2016 - May 2020
  - Bachelor's of Science in Criminology & Criminal Justice

Project Experience

- **Riddle Me This <?>** Node.js and Express.js to create a RESTful API. Used Handlebars.js as the templating engine. Used MYSQL and the Sequelize ORM for the database. Both GET and POST routes for retrieving and adding new data.
- **E Commerce Back End:** Configured the sequelize ORM in a Node.js application. Defined and implemented CRUD methods, using Sequelize to interact with your models in each API endpoint through proper RESTful commands.
- **Employee Tracker:** Used Node.js, Inquirer, and MySql to build a command-line application to manage a company's database.
- **Social Network API:** Created RESTful API for a social network using the Mongoose ODB to interact with a MongoDB database.

Languages / Skills

Object-Oriented-Programing	Inquirer	Node Package Manager	MYSQL
Model-View-Controller	React	Javascript	HTML 5
CSS	Node.js	Mongoose DB	Handlebars.js
Third-Party APIs	Express.js	Server-Side APIs	NoSQL
Progressive Web Applications	React Router	GraphQL	State
Visual Studio Code	GitHub	GitHub Gists	Bootstrap

Work Experience

Rural Metro Fire Department   March 2022 - Present

  - **911 Dispatcher:** Answers, evaluates and prioritizes incoming calls, communicating effectively with various callers to obtain complete information to determine urgency.

Regional Center for Border Health   Jan. 2022 - March 2022

  - **IT Specialist:** Provided direct support to users across the company. This includes diagnosing connectivity or data access problems and answering questions about hardware or software.
